

GERMANY'S INVADING ARMY STILL FALLING BACK WHILE BATTLE BEGUN SUNDAY RAGES

FOUR KILLED, ONE INJURED WHEN AUTO CRASHES INTO LOCOMOTIVE AT CROSSING

Dr. Matthew S. Borden and Mr. and Mrs. J. Harvey Wood of New York and the Chauffeur Meet Death.

Four passengers in a swiftly moving automobile were instantly killed and a fifth was seriously injured late last night when their high-powered machine crashed into the side of a moving freight engine at the railroad crossing near Palermo station, on the road between Lakewood and Ocean City, N. J. The victims are:

DEAD.

DR. MATTHEW S. BORDEN, son of Matthew C. D. Borden, one time Park Commissioner of New York and the multimillionaire "Calico King."

J. HARVEY WOOD, bond salesman for the Spitzer-Rorich Company, No. 5 Nassau street.

MRS. J. HARVEY WOOD.

INJURED.

JOHN N. RYAN of No. 102 West Eightieth street, associated with Dr. Borden in an agency for the Equitable Life Insurance Company at No. 149 Broadway, suffering from shock and at present under treatment in the Oceanic House at Ocean City.

Dr. Borden, whose six-cylinder car was the one that proved the death trap, lived at No. 116 West Seventy-ninth street. His wife, who was Mildred Negbauer, the daughter of a tailor in New Haven, whom Dr. Borden married at the peril of dishonor, and her three daughters had been spending the summer at their bungalow in Deal Beach, N. J. Yesterday Dr. Borden told associates in his office that he and Ryan, whose examiner he was and with whom he was said to share the business of the insurance agency at No. 149 Broadway, were going in the Borden car to Cape May.

None who knew Dr. Borden in the downtown office recalled to-day his mentioning Mr. and Mrs. Wood as fellow passengers on the trip to the Jersey watering place. Where Mr. Wood and his wife joined the party and when the machine left New York is not known; the only survivor of the tragedy has been too weak to give any connected version of the affair.

The auto party appeared at a hotel in Lakewood a few minutes after 7 o'clock last night and there had dinner. After dinner Dr. Borden made some inquiries concerning the condition of the roads to the south from employees of the hotel, and soon the party set out, headed for Cape May. It was their intention to make a moonlight ride down through the pine woods to the Cape. The run was made without accident until the auto approached the little station at Palermo. The stretch of road on which Palermo stands is excellent, and it is the custom of automobilists to "open up" their cars and speed over it.

Dr. Borden's car was going at a rate of speed little short of forty miles an hour before it approached the Palermo station, according to pedestrians who had seen it flash by. There are no gates at this crossing, and, since the woods came down to the small station building, the track is screened from automobilists approaching from the north.

A freight train was coming up from the south. When the car was a few feet from the crossing the locomotive

SAILING TO-DAY.

GARRISON FROM PAR'S IN FIELD TO ATTACK GERMANS' RIGHT WING

French War Office, Saying Paris Garrison Is Aiding Troops in Field, Declares Government May Soon Return to Capital—German Losses Are Reported Tremendous.

FRENCH REPORT ON ALLIES' CAMPAIGN.
BORDEAUX, Sept. 9 [United Press].—The following official statement was given out this afternoon by the War Office:

"The general battle which begun on Sunday continues in the territory that stretches from the northeast of Paris to the eastern frontier, with French successes reported in the main.

"The German attack on the French right wing has weakened for the first time. The French right is now reported to be advancing.

"The army of defense of Paris, which is co-operating with the French and British field armies, has been engaged with the Germans near the River Ourcq and gained a decisive victory, having pressed the Germans far back.

"There has been very severe fighting in the vicinity of Sezanne and Vitry-le-Francois, where the Germans poured heavy reinforcements forward in an effort to break the French lines.

"The French artillery, however, proved unusually effective and the strength of the German assault was broken, so that the French troops were able to charge and drive the Germans back on their own reserve lines."

PARIS, Sept. 9 [Associated Press].—An official communication, issued this afternoon, says the situation in France remains satisfactory. The German right is retreating before the English. The French centre is slowly advancing. The situation on the French right is unchanged.

The statement says: "First—On the French left wing, although the Germans have been reinforced, the situation remains satisfactory. The enemy is retreating before the British army.

"Second—At the centre our advance is slow but general. On the right wing there has been no action of the enemy against the great circle of Nancy. In the Vosges and in Alsace the situation remains unchanged.

"On the banks of the River Ourcq two German flags have been captured in the course of a great battle. One was taken from the enemy by force by a reservist named Gullmard, who has received the military medal from Gen. Gallieni (commander of the French forces at Paris). This flag is of the 36th Regiment of German Infantry, which was decorated in 1870 with the Order of the Iron Cross."
